

MR MOHAMED ASLAM

Hon'ble Minister of Housing and Environment,
Maldives

Mr Mohamed Aslam has been Minister for Housing, Transport, and Environment of the Maldives since November 2008 and worked for four years in senior executive positions in the Ministry of Construction and Public Infrastructure and Ministry of Construction and Public Works. He is a

founding Director of a major private sector environmental consulting firm and a practicing environmental consultant.

As Project Director, Project Manager, and Project Engineer, he has contributed significantly to the successful completion of several major national and international funded infrastructure and development projects in the Maldives. Mr Aslam holds a Master's degree in Geography from the University of Auckland, New Zealand and is pursuing a PhD from the same university.
