

Sanjiv Singh

Sanjiv Singh is Chairman, Indian Oil Corporation Ltd. with effect from 1st June 2017. A chemical engineer from IIT-Roorkee, Sanjiv Singh joined IndianOil in 1981. He has served IndianOil for over 35 years, spearheading refinery operations as well as mega greenfield and brownfield projects in refining and petrochemicals.

With extensive experience in the refining sector, he played a key role in the setting up, commissioning and stabilisation of two of IndianOil's biggest greenfield refineries at Panipat and Paradip. Singh has also steered the successful implementation of the petrochemical projects of Paraxylene/PTA and Naphtha Cracker with downstream units at Panipat Refinery.

As Director (Refineries) of IndianOil since July 2014, Singh has endeavoured to improve the operation of IndianOil's 11 refineries. Singh has been a driving force in conceptualising India's mammoth 60 million tonnes per annum refinery being set-up on the West coast of India, which will transform the refining landscape of India. Playing a leadership role in the energy sector, he is partnering India's vision of emerging as a 'refining hub' in South Asia.

A champion of clean and green fuels, Singh has been a force behind India's LPG transformation programme including Ujjwala Scheme and Smokeless Villages. He also ensured on-schedule rollout of BS-IV fuels across the country in April 2017 and has now set a frenetic pace for IndianOil refineries to meet the tough deadline of introducing BS-VI grade green fuels in the country by April 2020. A staunch advocate of minimum gestation time from concept-to-commissioning, under his stewardship approx. Rs.40,000 crore worth of projects shall be in various stages of implementation in the Corporation, including capex of nearly Rs. 15,000 crore in Refineries Division, in the next three years.

Sanjiv Singh is currently holding the position of Vice President of World LPG Association.

Well-known for his technological prowess, innovative ideas, business acumen and people-centric leadership, he has empowered IndianOil teams to perform and deliver exceptional results through positive engagement and a shared vision.

Sanjiv Singh shares his rich experience and expertise in the field as a member of several industry associations and Government bodies. Academically inclined, Singh has widely travelled in India and abroad and has presented papers in several important national and international forums.
