The Summit will be hosted at **Taj Palace, New Delhi**, one of India's most iconic luxury hotels, renowned for its elegant architecture, world-class hospitality, and state-of-the-art convention facilities. Located in the diplomatic enclave, the hotel offers excellent connectivity to the airport and key locations across the city, ensuring a comfortable and seamless experience for all delegates. The Summit will take place at the Hotel Taj Palace, New Delhi, between **February 25 - 27, 2026, under the umbrella theme – Parivartan | Transformations: Vision, Voices and Values for Sustainable Development.**

Accommodation for Delegates

Room at Taj Palace

February is a particularly busy period in New Delhi, with several national and international conferences, official engagements, and cultural events taking place across the city. Considering the high demand during this period, **TERI has negotiated special room rates at Taj Palace and exclusively for Summit delegates.**

Please note that the number of rooms available at these special rates is limited. Delegates are therefore encouraged to book their accommodation at the earliest by filling out the accommodation request form using the link provided below.

Please note that you will need a government photo ID and your confirmation number to pick up your badge (which you received through email on registration confirmation).

If you depute someone else to collect your badge, please ensure that they present your unique confirmation number along with a copy of your identity proof and of your registration.

Protocol Requirements

In case there are additional protocol requirements for the Summit, we will notify you closer to the Summit date.

VISA Requirements

Please ensure that your travel document has a minimum 6-month validity period beyond the scheduled date of departure from New Delhi.

Delegates may request a visa support letter if needed for a visa application.

Citizens of all countries require a valid passport and an appropriate visa. Those eligible for an e-visa can apply for an e-Conference Visa. Please contact the nearest Indian mission for a visa. For more details, kindly visit <https://indianvisaonline.gov.in/>. If you are planning to visit neighbouring countries, such as Nepal and Bhutan, and then re-enter India, a double/multiple-entry visa should be obtained.

Health Requirements

You are strongly advised to obtain international travel and medical insurance to cover the period of your departure for the meeting until the time of your return. TERI disclaims all responsibility for medical accident and travel insurance, for compensation, death or disability, loss, or

damage to personal property, and for any other costs or losses that may be incurred during travel time or the period of participation in the meeting.

For entry into New Delhi, a valid yellow fever certificate is mandatory for all persons (including infants) who have been, even in transit, in Africa or South Africa, or Papua New Guinea, ten days prior to their arrival. The certificate becomes valid 10 days after vaccination. India does not require immunization against smallpox or cholera.

Airport Transfers

Most of the participants have booked the transfers through the hotel. In case you need assistance, there are Government authorized Pre-paid counters for cabs, as well as radio cab counters at the Domestic as well as the International airport.

Approximate transfer time is 45 minutes from Delhi Airport to the city centre, but traffic conditions in India are complicated. Take into consideration that travel time can be affected.

In addition to Uber and Ola, cabs are also available at the airport.

Weather

In Delhi, you will experience mostly sunny and dry conditions. For the period from 24th to 27th February 2025, you can expect:

- High temperatures around 32°C (89.6°F).
- Low temperatures near 9°C (48.2°F).
- Clear skies with minimal chance of precipitation.
- Low humidity, contributing to comfortable weather conditions.

Electrical Supply

India uses Type C (2 pin used for mobile charging & laptops), Type D, and Type M electrical sockets, primarily Type D (three round pins in a triangle) and Type M (larger, triangular), with Type C (two round pins) also seen, requiring a travel adapter for most international devices; the standard voltage is 230V at 50Hz, which most modern electronics handle, so a voltage converter isn't usually needed, just a plug adapter.

Currency

India's currency unit is the Rupee (INR ₹), divided into 100 paise (p). There will be a counter at the conference venue to help delegates convert foreign exchange into rupees or vice versa

Drinking Water

Tap Water in India is generally not suitable for drinking. It is better to drink bottled water or water provided by the hotel or at the conference venue.
