

Debartha Banerjee

Mr. Banerjee is an engineer with Masters in Social Entrepreneurship from Tata Institute of Social Sciences. He Co-founded SampurnEarth, a one stop solid waste management solutions company. During his decade-long experience in waste management, he has also worked on city policy papers as a part of citizen and activist groups.

SampurnEarth is built on the vision where waste is totally transformed into utilisable resources without the exploitation of people or planet. SampurnEarth offers customised technologies like Biogas/Composting solutions for wet waste in both decentralised & centralised approaches and also runs fair price scrap shops/ dry waste collection centres as part of the "Dry Waste Marketplace", which brings together the manufacturers, waste-pickers & scrap dealers, recyclers, and the government.

Debartha has been featured in the list of 30 under 30 Social Entrepreneurs by Forbes Asia in 2017. SampurnEarth has won the Global Social Venture competition at the University of California, Berkley and also recognised as "Mumbai Hero" in a campaign by Mumbai Mirror with their work being featured in Satyamev Jayate on TV and many other popular mediums.
