

# International Climate Change Exhibition 2008

(DELHI SUSTAINABLE DEVELOPMENT SUMMIT)

*Organised by: TERI*

*Venue: IHC*

*Date: 7-9 February 2008*

## ***About the Exhibition:***

- TERI's first ever-International Climate Change Exhibition will compliment the theme of DSDS 2008. "*Sustainable Development and Climate Change*".
- Broad themes which will be the focus of the International Climate Change Exhibition are:
  - ***Practices***
    - Industrial Growth/Revolution/ population pressure/ concentration.
    - Environment threatening technologies leading to GHG emissions
    - High dependence on (leading to concentration of) fossil fuel leading emissions from transport sectors
  - ***Problems***
    - Greenhouse gas effect/ increased carbon in atmosphere
    - Global warming
  - ***Impacts***
    - Melting ice/ depleting natural resources/ capital
    - Unprecedented weather pattern
    - Seas level rise/ more frequent and intense disasters
  - ***Existing Initiatives***
    - GHG Mitigation
    - CDM and other carbon markets
    - Conservation efforts
  - ***Solutions for the future***
    - Stricter emissions
    - Technological interventions
    - Mainstreaming Adaptation in Development
    - Sectoral solutions
- Its objective is to create a platform to raise awareness, stimulate debate and identify challenges and potential solutions to the issue of climate change

## ***Who should participate?***

Inviting top thinkers who can demonstrate new technologies, products and services to integrate the challenges of the environment with development strategies to a global audience.

## ***Why Participate?***

The exhibition will offer unmatched branding by signifying your commitment to the environment conservation and demonstrate you sustainable business practices. Participation in this exhibition will enable the organisation:

- Build relationships, promote your brand to a global audience
- Garner instant feedback on the product and its appeal
- Position your company as a "Viable market leader" in the climate-friendly Sector
