

## MARTIN WRIGHT

**Martin Wright** is a writer, editor and adviser on environmental solutions and sustainable futures, with over 25 years' experience in the field.

He is presently Director of **Forum for the Future** (India), the sustainable futures non-profit advisory. As such, Martin leads the development of Forum's work in South Asia, helping companies and government bodies map a route to a more sustainable future for the region.

He is Founding Editor of **Green Futures**, the world's leading source of environmental solutions and sustainable futures, published by Forum for the Future.

His work has been published in a wide range of newspapers, magazines and websites, including **The Guardian**, **The Financial Times**, **The Times**, **The Independent**, **Newsweek**, **New Scientist**, **The Times of India**, **Huffington Post** and many others.

He has broadcast on various radio and TV networks including the **BBC** radio and television, **BBC World Service**, **Sky**, **CNN** and independent television.

His TED talk on 'The New Environmentalism' topped the bill at the 2014 **TEDx** East End. View the talk here:

<http://www.youtube.com/watch?v=QDo2mx5aBts&list=PLsRNoUx8w3rNXcBCmETUz-ulCayZayaSo>

He has chaired conferences and events for **The Guardian**, **Forum for the Future**, the **RSA**, **TERI**, the **Confederation of Indian Industry** and others in London, New York, Delhi, Mumbai and Beijing. He was a Chair of the Judging Panel of the **Guardian Sustainable Business Awards** in 2012-13.

He is Acting Chair of the Editorial Board of **Collectively** ([www.collectively.org](http://www.collectively.org)), the new sustainability platform launched at Davos, aimed at the millennial generation, which is backed by a consortium of leading companies.

He has won a number of awards as both a writer and photographer, including Science and Environment Journalist of the Year, Wildlife Photographer of the Year (runner up) and Travelex Travel Writer of the Year (runner up).

He is a Fellow of the **Royal Society for the Encouragement of Arts, Manufactures and Commerce (RSA)**.

He is Visiting Judge for the **Ashden Awards for Sustainable Energy** ([www.ashdenawards.org](http://www.ashdenawards.org)).

He has travelled extensively in Asia and Africa, reporting at first hand on frontline environmental issues, and in particular the potential of sustainable solutions to lift people out of poverty and simultaneously conserve the environment in some of the most challenging circumstances.

He advises business, government and NGOs on communicating environmental and sustainability issues effectively and with integrity to a wide variety of audiences.
