

## **Viresh Dutta**

Prof. Viresh Dutta is working in the Center for Energy Studies (CES), Indian Institute of Technology , New Delhi, India and currently the Head of CES. He is leading the Photovoltaic Research in C.E.S. with the focus on Photovoltaic Devices and Systems. He has done his Ph.D. under Prof. K.L.Chopra , one of the pioneers of Thin Film Solar Cells. Prof. Dutta's current research interests are in the areas of Thin Film solar cells, Excitonic Solar Cells , Perovskite Solar Cells , Photovoltaic Instrumentation ,Building Integrated Photovoltaics and Energy Harvesting Systems.
