

Polash Mukerjee

Polash Mukerjee is NRDC's lead on Air pollution and health project consultant in India. He works closely with the government at various levels, advocating reforms for improving air quality & mobility. He has worked on ambient air quality, specifically in Delhi & NCR, Ahmedabad and Pune. He has worked on regulating dirty industrial fuels across India, as well as on vehicular technology and regulations around emission control. He has pushed for prioritization of shared electric mobility in India, with advocacy towards the inclusion of buses in the FAME programme and incentivising e-mobility. Polash

has previously worked with the Centre for Science and Environment. He has a Master's degree in Development Studies from IIT Madras.
