

Youth Climate Conclave 4th Edition (2022-2023)

Executed Agenda

Date: 19 - 24 February 2023 | Time: 0900 - 1800 Hrs |

Location: Delhi

Youth have a critical role in combating climate change. They hold a dual responsibility of being a major stakeholder and partner in driving action. Primary role of the Youth Climate Conclave (YCC) is to engage Indian youth in a positive and proactive way in science based discussions on most relevant climate change issues and in the process identify opportunities for youth and governments to drive joint action to fulfill the climate change agenda. YCC is being led by the Delegation of the European Union to India, in partnership with UNICEF, GIZ, TERI, and CEEW, with the Ministry of Environment, Forest and Climate Change as the Nodal Ministry. So far, three editions have been held since its inception in 2019 (https://wsds.teriin.org/ycc_v3/youth-climate-conclave-3.php).

The YCC program aims at strengthening skills linked with critical thinking, creativity, scientific understanding, communication, collaboration, multilingualism, problem solving, ethics, social responsibility, and digital literacy amongst Indian youth. Youth will also get an opportunity to draft a 'Youth Pledge' that will be presented in the youth plenary focusing on sustainable lifestyle being organised in the World Sustainable Development Summit 2023 (https://wsds.teriin.org/2023/). YCC promises to be an interesting event with high-level speakers, discussions and interviews by youth, video messages, quiz, etc. Best entries of the photography competition conducted under YCC will be showcased and promoted.

Major highlights of the conclave are:

- YCC photography exhibition at Italian Cultural Centre, Chanakyapuri
- EduXcursion trip for students to TERI Retreat Gwal Pahari, and ISA Campus Gurugram
- Capacity building technical sessions at Silver Oak, IHC, Lodhi Road
- Prize distribution during Youth Plenary at WSDS 2023 at Stein auditorium, IHC, Lodhi Road
- Reading of the Youth Pledge at WSDS 2023 Stein auditorium, IHC, Lodhi Road
